Vaishnavi Srivastava

Lucknow, Uttar Pradesh | 6394808547 | Email| LinkedIn | Github

Computer Science undergraduate with practical experience in AWS cloud services and Python scripting. Strong foundation in cloud architecture, event-driven workflows, and debugging. Actively expanding expertise in DevOps tools and practices, including CI/CD pipelines, deployment automation, and infrastructure monitoring, with a passion for applying cloud-based solutions to real-world challenges.

Education

Maharishi University of Information Technology B.Tech in Computer Science Engineering — Aug. 2022– Present

Saraswati Vidya Mandir, CBSE Board Class 12 (Science Stream) | Score: 82% — Graduated: 2022

Class 10 | Score: 86% — Graduated: 2020

Projects

AWS Cloud Integration (Personal Project) — July 2025 – Dec. 2025

- Connected EC2 and S3 services using SNS and EventBridge.
- Designed event-driven workflows ensuring reliable data transfer and notifications.
- Explored AWS Free Tier services to strengthen cloud computing knowledge.

DevOps Practice Labs (Self-Learning) — *(2026 – Present)*

- Exploring CI/CD concepts using GitHub Actions and Jenkins tutorials.
- Practicing containerization with Docker and Kubernetes basics.
- Building small automation scripts to simulate deployment workflows..

Technical Skills

- **Scripting & Automation: Python, Shell basics**
- **Cloud Computing: AWS (S3, SNS, EC2)**, Cloud Architecture, Event-Driven Design
- **DevOps Fundamentals: Git, Docker, Jenkins (basic familiarity, learning CI/CDconcepts)**
- **Tools**: Git, VS Code

Soft Skills

Communication • Teamwork • Collaboration • Time Management • Planning

Certificates and Achievements

- **AWS Training** – National Institute of Electronics and Information Technology
- **Basic of DevOps-** NIELIT Delhi and kyndrl
- Python for Beginners – Udemy (In Progress)
- **Third Position** – IEEE Bug Hunting Competition (2025)
- Completed multiple AWS cloud labs with successful **service integration**
- Strengthened teamwork and analytical skills through academic projects
